

### Daddy, I Miss You

*Whenever I felt  
The pain of missing  
The affection I deserved,  
Always I felt a blank in my heart...  
When I was smiling and crying  
Yelling out joy and sorrow  
Always I felt a blank in my heart...  
And did you ever know  
To fill up that little space  
I had been always looking for somebody...  
  
I kept on looking  
Arguing within me  
You might be like that  
Or may be like this...  
Ended up failed  
How can I imagine of somebody  
Whom I haven't seen...  
"Daddy" I am so frank  
Never will I get mad  
But what I feel is  
Too far you have gone!*

### The Sunshine in My Heart

*Your smile was the sunshine that lit up my  
world  
The first thing I saw when  
I opened my eyes  
Was you who held my tiny hand  
And gave the warmth of your bosom.  
You were the sunshine in my heart,  
How lucky  
I was to be the apple of your eyes!  
The epitome of true love and the symbol of  
selfless devotion  
Mother, you are the sunshine in my heart.  
Oh! My oh! My, I do not have words to  
express how I feel  
About the unconditional love you gave me  
You were the first ever smile that brought  
sunshine,  
The sunshine of love which will never fade  
away.*
