

appeared on the screen.

He was looking at her without a blink. But she started to blink as his voice awakened her.

“Who are you? Who am I? Where am I?” the girl raised her voice.

“I guess you're an artificial intelligence, I'm Dilan and these are my friends. I hope she can see us.”

“Is this a video game?” asked Shohan.

“What's a video game?” asked she.

“I think I need some time to run a scan, before I answer your questions.” Dilan Replied.

After few hours, the procedure of this weird computer was discovered by the boy genius, while the others were impatiently waiting.

“Dilan! Now it's 3.30 pm.

If we aren't there by 6pm, our dorm director will kill us. Especially Leesha,” shouted Shohan.

“He's right and don't forget... we still need to find a way out of here,” added Leesha.

“Oh calm down people! I found a way out of here!!

Let me explain it, but, aren't you curious? This is a once in a life time opportunity. We're still

far behind this technology. As I found, this computer belongs to a professor who worked for NAASA. And his name was Dr. ....”

“SHRANK!! I knew it! I knew it!” Screamed Shohan, who is interested in watching scientific horrors.

“No idiot! Not that weirdo! This one's from our country. His name's Dr. Clerk. And

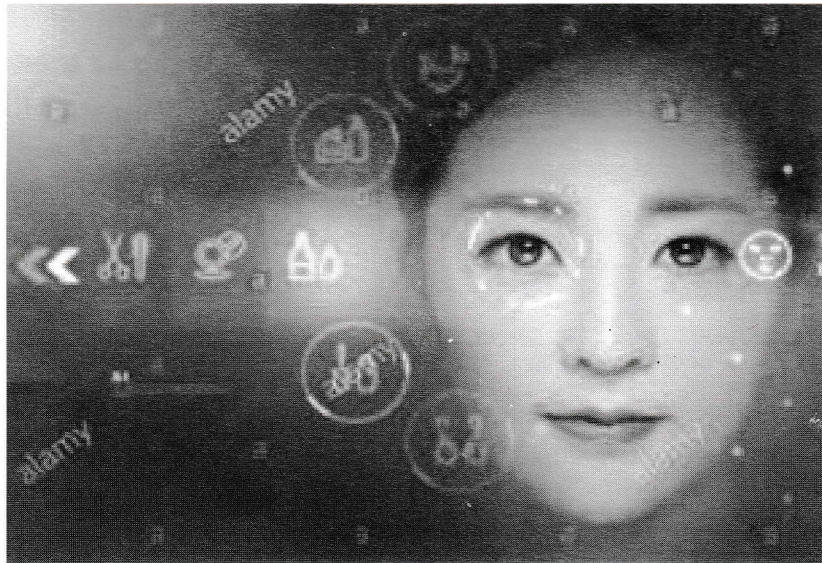

according to his diary, that mansion belonged to him. And it seems that, he wanted to hide something from this world. That's why there's no way out! No way, but sewer's door,” Dilan Explained.

“So why did he want to hide everything?” Leesha whispered.

“As I discovered, he was developing alien technology, which was forbidden. And he built a virtual universe as a result of his researches,” he answered.

“A virtual what?” disturbed his roommate. “A virtual universe, it means a world similar to a computer game. And he created a transporter, between that world and ours.”

“Wait, what? You mean we can go over there?” Shohan asked again.

“Yes, according to him. By the way, you do remember that girl on the screen, right? She was created by that professor as the guardian.”

“You mean, that girlfriend of yours, right?” Shohan laughed.

“Shut up! Will you? She's not my girlfriend,” he glared at his friend as he blushed. “Is she?”
